

## RAILROAD RECORD.

### SAME FARE TO PACIFIC COAST.

Passenger Association Will Keep Old Rates.

Time Effective Is Shortened to One Month.

Roads Expect Many Thousands and Tourists in Fall.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 26.—(Exclusive Dispatch.) The passenger association of the Transcontinental Railroad Association for several days, will be made this fall at the same rates as have prevailed heretofore, namely \$12 from Chicago, \$22 from St. Louis and \$25 from the Missouri River to California and the North Pacific States.

The time during which they will be effective will be reduced, however, from the usual sixty days to the month from September 15 to October 15. This was decided upon for the reason that the heaviest movement has been found to occur during the first and last ten days of the period.

About 25,000 people are expected by the roads to take advantage of the rates, which are made for the purpose of encouraging agriculture and the settlement of the West. The rates are for one-way trips and represent a considerable reduction from the regular second-class rate of \$38.

Many intending settlers avail themselves of the low rates granted during the summer for various conventions and excursions in the West, such as the recent Elks' Reunion at Los Angeles, and if they like the land, return under the colonist rates during the fall to stay permanently. One western road, the Santa Fe, handled 215 carloads of passengers into Los Angeles from east of Albuquerque, N. M., between January 1 and 15.

WILL TRY MOTOR CARS.

Rock Island System Preparing to Make Extensive Experiments With Them for Passenger Traffic.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 26.—(Exclusive Dispatch.) The Rock Island system is preparing to undertake extensive experiments with the operation of passenger motor cars, to demonstrate their capabilities for different kinds of service.

An order has just been placed for a fifty-five-foot gasoline car of the McKee type, which has been extensively used for branch-line service by the Union Pacific, and tests will be made with a gasoline-electric car built by the General Electric Company, which has been used on several roads in the East. When these cars arrive the Rock Island will have six types of motor cars in service.

Two gas steam motor cars have been used in the Southwest for more than a year, and the smaller gas cars, the Fairbanks-Morse and the Stover, have recently been tried on short lines. The McKee car, formerly a locomotive, is being built entirely of steel with a pointed end to reduce wind resistance, was developed by S. W. McKee, former superintendent of motive power for the Union Pacific. This road has used about 200 of them during the last three years, and there are now twenty-two railroads which operate them, or have placed orders for them.

If practical experience bears out the claims made for the cars they will doubtless supplant the locomotive and trains in various sections within a few years.

TRICK ON HARRIMAN.

HILL BLOCKS ROUTE.

(BY DIRECT WIRE TO THE TIMES.) GRASS VALLEY (Cal.), July 26.—(Exclusive Dispatch.) Harriman's railroad builders in the Des Chutes were shut off effectively from the Des Chutes by a coup executed today when Porter Bros., builders of the rival railroad, supposedly for Hill, bought a ranch over which runs the only practicable wagon route to Harriman's main construction camp at Horseshoe Bend. The price paid for the property was \$20,000, about twice its worth.

The ranch, the Porters have struck the Harriman people a heavy blow. Following promptly upon the closing of the deal, sentries were posted at various points along the road with orders to refuse passage to all persons not known to be in the employ of Porter Bros.

HARRIMAN SURVEY PROTESTED.

CONTESTS AHEAD IN OREGON.

(ASSOCIATED PRESS NIGHT REPORT.) PORTLAND (Or.), July 26.—The survey for the second section of the Harriman system, between the Des Chutes country has been protested by the Oregon Trunk railroad. Local Harriman officials declare that contests over rights of way will not intensify seriously the construction of the line. Julius Kruttschnitt, director of maintenance and operation of the Harriman system, arrived in Portland today from a tour of inspection between the lines between Omaha and this city.

MILLIONS FOR EQUIPMENT.

DENVER AND RIO GRANDE BUYS.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER, July 26.—The Times today says that the Denver and Rio Grande Railroad has placed an order for \$5,000,000 worth of new equipment, making the largest single order ever placed by a Colorado railroad. The order includes eight big Mallet compound engines, to be used over the heavy grades of the mountain passes, twenty-two other engines, and 100 passenger and freight cars. Besides these, ten steel passenger coaches and ten steel baggage and express cars are included.

SANTA FE SUEDE.

COMMISSION WANTS FINE.

(ASSOCIATED PRESS DAY REPORT.) SAN FRANCISCO, July 26.—The members of the State Railroad Commission filed a suit against the Santa Fe Railroad Company today asking for an order enforcing payment of a fine of \$5000, imposed upon the corporation last January, when the commission decided that the Santa Fe had violated an article of the Constitution, by giving rebates on oil shipments by the Associated Petroleum Company.

The railroad company disputes the authority of the commission, contending that it has the right to cut, but not exceed, a rate fixed by the commission.

Arrowhead Spring Water.

From the famous Arrowhead Springs Resort, Santa Fe, N. M., comes the purest, healthiest water in the West. Phone 1944, 411 Currier Bldg.

## THAW FIGHTS NOW TO PROVE HIS SANITY.

ALLENIST TESTIFIES THAT THAW IS SAFE TO BE AT LARGE.

Jerome Fights to Keep Stanford White's Slayer in Asylum, and Chate With Him in Court; as if They Were Old Friends—Patient Will Take Stand.

(ASSOCIATED PRESS NIGHT REPORT.)

WHITE PLAINS (N. Y.), July 26.—

Allenists today began their slow march across the stage in the Thaw case.

The efforts of Stanford White's slayer to obtain his release from the Matteawan asylum are culminating in the testimony of the experts called to prove him sane, and when they are through the prisoner will take the stand himself.

In two respects the hearing was a reminder of Thaw's two trials for killing White. Dist. Atty. Jerome of New York, at the request of the Attorney-General's office, took entire charge of the State's case.

Thaw sat so close together that their chairs touched, but if the prisoner had any fear of the man who prosecuted him, he did not show it.

All but one of the witnesses were Thaw's today, and his equanimity was undisturbed.

At times he and Mr. Jerome chatted and smiled like old friends reunited.

DR. EVANS TESTIFIES.

The other familiar feature was Dr. Britton D. Evans, of the Marine Corps, who was the witness now abroad.

Expected to arrive here, the court, however, decided to continue the sessions from day to day.

ELUSIVE REVOLVER.

Leut. Edward A. Osterman, marine corps, was recalled and questioned by Mr. Davis as to the revolver which was passed to Sergt. De Hart on the night of the fight when Sutton was killed, according to De Hart, who swore, however, that he did not know who gave him the weapon.

Osterman said he did not see a revolver given to De Hart and did not know who gave it to the sergeant.

"But I have a recollection that some one did hand him one of the revolvers," added the witness.

Leut. Edward S. Willing of the marines also was recalled and questioned as to the revolver.

He, like Osterman, denied having handed the weapon to De Hart.

He said he had heard afterward that somebody had given De Hart a revolver, but that he never heard who the officer was who did so.

William I. Owens, the chauffeur who drove the officers to camp on the night of the tragedy, was recalled and corrected his testimony. He desired to say he had never heard one of the officers call for the "sentry" instead of "orderly" after Sutton and his companions got out of his car.

The young officer who challenged Sutton to a duel was not yet been subpoenaed as a witness, but it is expected he will be summoned as a result of Mrs. Sutton's testimony. This it is claimed would tend to show that young Sutton was not of a quarrelsome mind and after receiving a challenge persuaded the sender to exchange mutual apologies instead of having any open trouble.

FEAR TRAINING SHIP LOST.

Mexican Government Searches in vain for Yucatan, With Naval Cadets on Board.

(BY DIRECT WIRE TO THE TIMES.) SAN ANTONIO (Tex.), July 26.—(Exclusive Dispatch.) Private advices received here state that the Mexican government fears that the ship Yucatan was lost in the great Gulf storm, which swept Galveston last week.

This ship was a training ship, manned by instructors and cadets from the National Naval School of Mexico, was out on a practice cruise and had spent several days in the bay at Galveston.

Shortly before the storm, the ship sailed for Key West, and so far nothing has been heard from the boat.

Practically all the crew were killed, and it is overdue at Key West many days. In order to allay the fears of frantic parents the Mexican government has made every effort to locate the Yucatan without avail.

The ship was under command of Maj. Rafael Perea, and the crew consisted of ten graduate students and twenty-five of the lower cadets. This was the pick of the great naval school.

# What Of Interest Happened in a Day Up and Down the Great Pacific Coast.

## BUST OF HILL NOT ON HAND.

Whereabouts of Big Bronze Is a Mystery.

Gov. Johnson Also Fails to Arrive on Time.

BY DIRECT WIRE TO THE TIMES.

SEATTLE, July 26.—(Exclusive Dispatch.) Two things had to happen today at the unveiling of the bust of James J. Hill, which was to be unveiled at the exposition grounds today.

In the first place the bust is not here and nobody seems to know just where it is. In the second place, Gov. Johnson of Minnesota, who was scheduled to be here, has not arrived.

The bust, which weighs 2700 pounds, was shipped from New York several days ago. It is not here yet and exposition officials say they don't know where it is. Whether the bust was shipped by freight or by express is another profound mystery.

Exposition officials say that the plans were only tentative, anyway, and that they took chances on the bust being here. It may result that a more future date will be selected following the miscalculations.

The bust of Mr. Hill, which is an excellent likeness, was paid for by subscriptions as "an appreciation of his services to the Northwest." The pedestal of the bust is of Washington granite, except three blocks from Yokohama, Japan, Fox Island, British Columbia, and St. Cloud, Minn.

In all the unveiling ceremonies Mr. Hill's blending of three great nations together by iron ties of peace and commerce will be brought out. The bust will be covered by three large silk flags of Japan, Great Britain and the United States.

The bronze is six feet in height, and is said to be the largest portrait bust ever cast. Four bronze tablets accompanying it represent in his relief south of Cape Blanco.

The bust is fifty-eight feet long and would have been a mere chip in a rough sea.

ISLAND UNMANNY. RISES FROM PACIFIC. (ASSOCIATED PRESS DAY REPORT.) SAN FRANCISCO, July 26.—According to Capt. Quatrevaux of the French ship Thiers, which arrived here yesterday from Newcastle, Australia, a new island has sprung up from the waters of the Pacific near the Gambier group.

Capt. Quatrevaux says that there is something uncanny about the new island, for when his ship approached it, although no wind was blowing, a mysterious swell drew the vessel toward the shore, and it was with the utmost difficulty that she was saved from going on the rocks.

The island is located in lat. 21°25' south, long. 124°30' west, and seems to be made of volcanic rock.

FISH VICTIM DYING. PTOMAINES SAYS DOCTOR. (ASSOCIATED PRESS DAY REPORT.) BERKELEY, July 26.—Mrs. Jane Moffatt, wife of a local business man, is dying at her home in this city and a physician in attendance has diagnosed the case as one of ptomaine poisoning, originating in a meal of tainted fish.

Mrs. Moffatt was seized with a severe illness on last Friday, but failed to summon medical attendance until yesterday. The Commissioner of Public Health has instituted an investigation and if the claim of the physician is supported will prosecute the fish dealer.

STRIKE IT RICH. NEW CHUTE IN OLD MINE. (BY DIRECT WIRE TO THE TIMES.) DOWNVILLE, July 26.—(Exclusive Dispatch.) The latest mining strike reported in this country is at the Alaska mine, near Pike City. A rich chute has been struck and Manager St. John is elated over the prospects.

The strike was made eighty feet from the point where the cross-cut intersected the Alaska vein. Judging from surveys it is believed the middle of the rich chute worked in the upper levels in the past will be encountered fifty feet farther in. The present drift is 100 feet below the deepest of the old workings, or at a depth of 650 feet. Ten stamps are running and it is more than probable that the mine will be more than thoroughly overhauled.

Years ago the Alaska was a famous property and had an "1800-foot" pay chute, which was one of the longest and richest ever struck in Sierra county.

VANDALS ATTACK GLOA. CARVE INITIALS ON SLOOP. (ASSOCIATED PRESS NIGHT REPORT.) SAN FRANCISCO, July 26.—Fearing that relic hunters will carry away pieces of the sloop Gloa, in which Raoul Amundsen sailed through the Northwest Passage, the police department has set a guard over the vessel and will try to punish some of those whose initials cover the vessel's side.

The ship is beached at Golden Gate Park and was intended to be a museum for things nautical. The relic-hunters carved at the timbers until the worth of the vessel as a historic relic is impaired.

HOTEL MEN FINED. CONVICTED OF GRAVE CHARGE. (BY DIRECT WIRE TO THE TIMES.) RENO, July 26.—(Exclusive Dispatch.) George and Fred Elkins, the well-known hotel men, were fined \$1000 and \$500, respectively, by Judge Pike today. The fines were immediately paid.

The defendants were convicted of receiving stolen property. During the trial it was brought out that George Elkins had told Chief of Police Burke that he had "bought the District Attorney and stood in with the court."

Chief Burke testified to this and also said that George Elkins had made an attempt to bribe him. Dist. Atty. Woodburn also said George Elkins had offered to bribe him to have the prosecution dropped.

VICTIM OF BUCKING AUTO. President of Machine Company in Car That Twice Turns Completely Over Steep Grade. (BY DIRECT WIRE TO THE TIMES.) PORTLAND, July 26.—(Exclusive Dispatch.) Fred A. Rosenkrans, vice-president of the Robor Machine Company of this city, lies probably fatally injured at the Good Samaritan Hospital as the result of an unusual automobile accident. Rosenkrans was hurled from his car after it had turned twice over a steep grade.

Rosenkrans, with his wife and three children, was speeding twenty miles east of Portland late last night when the machine shot off a curve into a ditch. It landed on its wheels and none of the occupants were hurt. After the others had left the car Rosenkrans succeeded in forcing the front wheels onto the roadway. Then, turning on full power, the machine climbed onto the road, and, before he could stop it, had dashed off the grade at the other side and to the bottom of a steep hill.

Rosenkrans was brought to this city early this morning, much of the journey being made in a heavy farm wagon.

SOOTHSAVERS BARRED. RESULT OF MURDER. (BY DIRECT WIRE TO THE TIMES.) PORTLAND, July 26.—(Exclusive Dispatch.) As a result of the murder last Friday of Dr. R. A. Collins by his wife, mediums, fortune-tellers and soothsayers of all sorts are to be banished from Portland.

Mayor Simon today ordered Chief of Police Cox to see to it that every person, male or female, engaging in such occupation for hire, "moves on" at once. There is a city ordinance on file on this subject, but it has not been heretofore enforced.

## BUST OF JAMES J. HILL AND THE SCULPTOR

Finn H. Frolich, artist who executed great statue of railroad magnate, and completed bust now on exhibition at Seattle fair.

## PRISON GUARD SHOTS AND KILLS FIGHTING CONVICT.

(ASSOCIATED PRESS NIGHT REPORT.)

WALLA WALLA (Wash.) July 26.—Because they refused to heed the command of Fred Staff, a guard at the Washington State penitentiary, to cease fighting, Convict John Allen is dead with a bullet through his right breast, and Joseph Read, alias Alexander Bene, another convict, lies in the prison hospital, shot through the right arm.

The fight, and subsequent shooting, occurred shortly after 10 o'clock this afternoon, just as the prisoners in the penitentiary jute mill were going to work. The convicts, it is believed, had quarreled several days ago over matters connected with their work in the jute mill, and when they met this afternoon immediately started fighting, attempting to stab each other with scissors, which they used in their work.

After the fight, the prisoners succeeded in forcing the front wheels onto the roadway. Then, turning on full power, the machine climbed onto the road, and, before he could stop it, had dashed off the grade at the other side and to the bottom of a steep hill.

Rosenkrans was brought to this city early this morning, much of the journey being made in a heavy farm wagon.

SOOTHSAVERS BARRED. RESULT OF MURDER. (BY DIRECT WIRE TO THE TIMES.) PORTLAND, July 26.—(Exclusive Dispatch.) As a result of the murder last Friday of Dr. R. A. Collins by his wife, mediums, fortune-tellers and soothsayers of all sorts are to be banished from Portland.

Mayor Simon today ordered Chief of Police Cox to see to it that every person, male or female, engaging in such occupation for hire, "moves on" at once. There is a city ordinance on file on this subject, but it has not been heretofore enforced.

The police are convinced that had Mrs. Collins not listened to the tales that "mediums" told her she would not have been aroused to murderous frenzy. She was told by the mediums she says, that her husband was not true, and frequent repetitions of their

## AGED MAN RESCUED. WANDERS IN MOUNTAINS.

(BY DIRECT WIRE TO THE TIMES.) MARYSVILLE, July 26.—(Exclusive Dispatch.) After wandering for two days and two nights in the wilds of the Sierra county mountains near the Mabel Meritt mine, E. McCormick, father of the manager of the mine, was rescued by searchers headed by his son. The old man had been spending a few days with his son and on Thursday started for the mountains above the camp to do a little prospecting. He failed to return to camp that night and his son became alarmed. A searching party was organized and the old man's tracks for some miles and lost. The party returned to camp today at daybreak, and then after breakfast started again. At the end of the second night they found the prospector wandering about, lost and almost famished and exhausted. The night air was crisp and the old man was nearly frozen.

LIMA BEANS IN STICK PINS. CALIFORNIA NOVELTY AT FAIR. (ASSOCIATED PRESS NIGHT REPORT.) SEATTLE, July 26.—Lima beans used as settings in stickpins, and soft-shelled walnuts, were given away in the California building at the exposition today by E. M. Sheridan, as representative from Ventura, and C. W. Merritt, as representative from Santa Barbara county.

California occupies a prominent place on today's programme, this being combined Santa Barbara, Ventura, San Luis Obispo and Paso Robles day at the fair. A large crowd of people are here from California.

LISTER TAKES LEASE. TO WORK OLD MINE. (BY DIRECT WIRE TO THE TIMES.) RENO, July 26.—(Exclusive Dispatch.) A three-years' lease has just been taken by T. A. Lister of Los Angeles on the block of ground formerly worked by the C.O.D. Mining and Milling Company, on the C.O.D. Consolidated estate. The lease is already equipped with galleys, frame, mine buildings, etc.

Mr. Lister was connected with the development of the Goldfield Pango Lease on the adjoining block of ground and is well acquainted with the possibilities of the C.O.D. A. Loudin and associates took about \$5,000 from this ground between the surface and the fifty-foot level in the early days, and Mr. Lister believes that he can readily solve the problem of getting the continuation of the ore shoot, as well as proving up another.

CRASH IS FATAL. BERKELEY, July 26.—Herbert P. Mackie, a real estate dealer who was seriously injured when his automobile was struck by a Key route train on July 16, died today in a local hospital.

PUBLIC SCHOOL BURNS. SACRAMENTO, July 26.—The Lincoln primary school was nearly destroyed by fire this morning. The loss will be about \$20,000. The building was completed about two years ago, taking the place of one that had been destroyed by an incendiary. While there is some talk that today's fire was the work of a firebug, the circumstances point to defective electric wiring as the cause.

HIS FISH MISSING. STOCKTON, July 26.—County Recorder James Kroh was held to answer this morning for trial before the Superior Court on the charge of failing to turn over fees of his office to the County Treasurer within the time specified by law. His bonds were fixed at \$500, which he furnished.

Eight of the negro troopers of the Tenth United States Cavalry, which returned to New York on the transport Kilpatrick, brought with them their work of a firebug, the circumstances point to defective electric wiring as the cause.

Let your Malted Milk be Horlick's. A nourishing lunch, at fountain, hotel or home. An ideal food-drink. [Adv.]

## THE CITY IN BRIEF

"Direct" to the woods.

## NEWS AND BUSINESS.

## Sensible for Seattle Trip.

Bookings for the Chamber of Commerce excursion to Seattle are made so rapidly that all reservations will be taken days before the train starts on August 1. Accommodations are limited to 150, and already 110 persons have reserved berths. There will be a hot scramble for the remaining tickets.

## Ranchman Ends Life.

James Janie, 40 years of age, a laborer, working on a ranch three miles from Compton, committed suicide last night by shooting himself three times in the head. The body was found in the bunkhouse some time later and the coroner was notified. Janie was in excellent health and no reason for his act has yet been discovered. He shot himself twice in the head and the last time in the chest, death resulting instantly.

## Accidental Death.

Coroner Hartwell yesterday signed a certificate of accidental death in the case of William James Hawkes, Jr., son of Dr. and Mrs. W. J. Hawkes of No. 943 E. 10th avenue, who was run over and killed by a brick wagon on West 10th street Saturday. Investigation showed that in attempting to evade an automobile, the lad, who was on a bicycle, ran into the brick wagon. Funeral services were held yesterday afternoon at the Peck Chase chapel. Burial was in Hollywood Cemetery.

## BREVITIES.

To "Liner" Advertisers: Dating from June 1st, classified advertising in the Times will be charged by the word at the present established rate of 1¢ per word in the daily issue and 1¢ Sunday. Close calculations covering a period of several months have revealed the fact that the average number of words to the line are a fraction over seven. This basis for charging has been adopted after June 1st. Cash "want" advertising has always been calculated by the word, and this regulation will not change the manner of handling it. The present "want" ad rate has been in effect for many years, though the circulation of the paper has grown more than 50,000 daily and 50,000 Sunday. It has been during this period, no paper in the United States, rate considered, compares with the Times in "want" ad service. The Times-Mirror Company.

Remember the slogan: "Buy and Boost Home Products." For daily references, see page 5, Part II, of the Times, containing list of wide-awake manufacturers under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries here—manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

Attend the auction sale this morning at 10 a. m. of elegant furniture and new piano at 622 S. Bonnie Brae street. By C. M. STEVENS. Matchless motor cycle, 1934, 50 cc. Sunday eve dinner set, Hart Bros. Smokers appreciate the quality value of Lewis Single Binder cigar. Artificially aged Scotch Whisky, 20 Spring. Dr. Logan, oculist, 415 S. Spring st. Cancers cured or no pay, 727 Grouse.

## BANKER FLEES WITH CASH.

Indiana Institution Closed by Theft of All Its Money by Assistant Cashier.

(ASSOCIATED PRESS NIGHT REPORT.)

TIPTON (Ind.) July 25.—The First National Bank of this city is closed and its assistant cashier, Noah E. Marker, has disappeared, taking with him between \$50,000 and \$100,000, which was all the cash in the bank's vaults Saturday afternoon.

Marker, after taking the money, set the alarm clock on the safe and could not be opened until 9 o'clock this morning and left the city. He left a note on the desk of his brother, William Marker, cashier of the bank, saying he had gone forever and that he had taken "enough money to pay his expenses."

Whether Marker had previously taken money from the bank's funds and covered up the defalcations by making false entries in the books cannot be known until the arrival of a national bank examiner.

The directors decided to suspend operations until the examiner takes charge. They posted this notice: "N. E. Marker, assistant cashier of this bank, has absconded with all its cash. The Treasury Department at Washington has been notified and the bank will remain closed, awaiting the department's instructions."

## UNDEVELOPED TELEGRAMS.

There are undeveloped messages at the Western Union office, First and Spring streets, for T. W. Wampler, W. T. Darby, Jennie White, J. E. Beck, Mrs. I. F. Mead, F. Crowther, G. W. Morgan, Thomas C. Berry, Dr. J. L. McDaniel, Howard (cable), W. C. White, H. Louis Peter, Miss Lucille Brown, Charles Canfield, Mrs. John L. McGinn, Frank A. Phillips, Byron F. Flynn, Mrs. J. M. Robertson, S. O. Andrea, Paymaster W. T. Wallace.

## BOY FALLS FROM WINDOW.

Berl Owen, 10 years of age, of No. 768 San Julian street fell from the second story of his home yesterday afternoon sustaining injuries which may prove fatal. In company with other children the boy was playing in a room. He leaped too far from a window and plunged head first to the paving below.

## STEAMER LOST IN FOG.

CANNO (N. S.) July 25.—The dense fog that hung over the Nova Scotia coast for a week caused the loss of the British steamer Cairnraig, a steel ship of nearly 2000 tons, which left Boston Thursday for Great Britain. The Cairnraig struck Snorthing rocks, Grover Island, eight miles west of Canno, early today and will be total loss. The captain and his crew escaped to land in their boats.

## HUNDREDS FALL WITH FLOOD.

ALESSANDRIA (Italy) July 25.—The floor of a lecture hall here collapsed today, carrying down with it several hundred persons. Scores were hurt in the struggle to escape, thirty seriously. Six cannot recover.

## "LADIES' DAY" AT HOTELS.

Women Arrive in Force From Many Parts of Country—Prize-Winning Groups.

Yesterday was "ladies' day" at all of the leading downtown hotels—at least this might have been inferred from the fact that the registers showed a host of feminine arrivals. The women came from all parts of the United States. A few were busily traveling alone, but the majority came in groups.

The largest party consisted of thirty-eight young women from Birmingham, Ala., and vicinity, all of whom are at the Angelus. Mrs. A. E. Meadows is acting as chaperone. The visitors are students in colleges and preparatory schools, and they are making a tour of the United States. They arrived in Los Angeles two days behind their schedule, as they were delayed by floods in Texas. From here they go to San Francisco and then to Seattle.

At the Westinchester and registered seven girls and a chaperone, from Prescott, Ariz. They are the prize winners of a contest conducted by the Arizona Journal-Miner and will visit the exposition. Yesterday they were the guests of Gen. Sherman, who was formerly of Prescott, having been one of the pioneer school teachers in that district. His private car conveyed the visitors to Santa Monica, Ocean Park, Venice, Redondo and other points of interest. In the evening they attended the Orpheum, the guests of the management. In the party are Miss A. Ford, Miss Eva French, Miss Josephine Zanetta, Miss Mattie Price, Miss Grace Downs, Miss Alice Stevens, Miss Marjorie Milnes, daughter of editor and manager of the Journal-Miner, and Mrs. J. W. Milnes, his wife, who is acting as chaperone.

Another group of girls, registered at the Hollenbeck, consists of winners of a prize contest conducted by the "Bible Evening News." Mrs. S. M. Burr, wife of the proprietor of that newspaper, is the chaperone, and is accompanied by her daughter, Miss Lillian Burr. The other members of the party are Miss Pearl LeMonroe, Miss Stella Splisbury and Miss Yda Paff. They will enjoy the beauties of Los Angeles and its environs for three days and then go to Seattle.

ITALIANS DEFEAT ARGIS. ROME, July 25.—Advice received from the governor of Benito state that the Mohallin tribe, seeking vengeance for the capture of their chief on July 17, attacked the detachment of native Argis. The enemy was repulsed, forty-five being killed and twenty wounded. The Italian losses were five killed.

TWELVE KILLED IN MINE. CLEMONT, FERRAND (France) July 25.—An explosion of fire damp occurred today in one of the mines near here, killing twelve miners.

BIRTHS. DEATHS. MARRIAGES. DIVORCE.

In Memoriam.

[Under this caption The Times will accept for publication, at its regular rate of 10 cents per line, anniversary notices in commemoration of deaths.]

Births.

NATHAN, July 22, 1905, to the wife of M. Nathan, two sons.

Deaths.

GIBBONS, July 25, Bartholomew, beloved husband of Mollie, and brother of P. E. Gibbons, aged 61 years. Funeral Wednesday, July 26, at 2 p. m. from the residence, No. 144 West Twenty-third street, Solon, Nebraska, to St. Vincent's Church at 9 a. m. Interment Calvary.

FLEMING, July 25, beloved brother of Maurice Fleming, aged 25 years. Funeral Wednesday, July 26, from the residence of Mr. and Mrs. J. J. Fleming, 1124 S. Broadway, at 2 p. m. Interment Calvary.

NICHOLS, Fernando Nichols, beloved husband of Clara Nichols, aged 60 years. Funeral Wednesday, July 26, at 2 p. m. from the residence of Mrs. Nichols, 1124 S. Broadway, at 2 p. m. Interment Calvary.

DAVIS, at California Hospital, in this city, July 25, 1905, Mrs. Davis, beloved wife of M. Davis, of Ocean Park. Brief services will be held in the chapel of Robert L. Garrett, 221 E. 10th street, Wednesday, July 26, at 11 a. m. Interment, Lawrence, Mass. Lawrence and Lowell (Mass.) papers please copy.

Editorial Section LOCAL SHEET—12 PAGES. XVIII<sup>th</sup> YEAR. SUNDAY, M. 7:21: HOME NEWS. Suits and Dresses. by Bros. South Broadway. NEW EVERY DAY.

AB Blackstone Co. DRY GOODS. This store closes Saturdays at 12:30 until Sept. 1st. New Linen Coat Suits \$10. THERE'S AN AIR OF NEWNESS AND EXCLUSIVENESS ABOUT THESE LINEN COAT SUITS THAT WILL APPEAL STRONGLY TO PARTICULAR DRESSERS, AND THE PRICE IS REASONABLE ENOUGH FOR ANY WOMAN TO AFFORD.

Has Evan Lewis Arrested on Assault Charge. POETESS ON THE WARPATH. Bank Receiver Sends Police After the Muse. Terror Smites Soul of Fair Lucy, the Typist.

BEATEN BY HIS BUTTONS. IDENTITY OF SUICIDE CLEARED BY TAILOR'S NAME. Young Woeike of Los Angeles Took Infinite Pains to Hide Himself in Chicago—Death That Baffled Police and Peculiar Way in Which Mystery Was Unraveled.

MISSISSIPPI TUB DRESSES FOR LESS. TODAY WE OFFER A NUMBER OF BROKEN LINES IN MISSISSIPPI TUB DRESSES AT PRICES DESIGNED TO COMMAND ATTENTION. THEY ARE THIS SEASON'S STYLES, NOT LAST; IN FACT SOME OF THE VERY LATEST MODELS.

THE NEW "VIOLYN" PIANO PLATE of the Kranich & Bach Piano. The violin is the most perfect of solo instruments—neither science nor art having improved its method of stringing for almost four centuries.

Geo. J. Birkel Co. 345-347 South Spring Street. Steinway, Cecilian and Victor Dealers. Progressiveness in Making Men's Clothes.

Chas. Levy & Son. 448 South Spring Street. Men's Tailors. SAN FRANCISCO OFFICE Los Angeles Times 1206 Call Building.

WANT SPUR TRACK. An application for a spur track from the Southern Pacific line to San Francisco, across the San Francisco Bay, has been made by the Taylor Milling Company.

Verse-Writer and Adversary. Mrs. Margaret Gorman, whose troubles with the Carson bank caused her to take vengeance into her own hands, and Evan Lewis, receiver for the institution, with whom she has been living since each has had the other arrested.

CONDITION OF INJURED. All who were hurt in the collision were reported, last night, to be doing as well as could be expected. Several victims were taken from the hospital to their homes.

MOVES TRAINS BY PHONE. Santa Fe Installs New System, Said to Be Longest in World, on Valley Line.

POSSIBLE ON EXHIBITION. The fossil bones of extinct animals, which have been excavated from the brea in the Hancock rancho west of the city, will be on exhibition in the City Hall, Civil Service rooms, at 9 o'clock this morning.

WARNING HEED. Block signals may be installed by the Pacific Electric as a result of the fatal collision of Sunday night, according to a statement made yesterday by Thomas McCaffery, the general superintendent of the company.

PROBLEM CONFRONTED. "But there is this about the system on our lines. The service is so frequent that the block would cause a very short, presenting some features that are not found on steam railway lines, where the trains are run miles apart."

THE OTHER SIDE. The Advisory Committee recently sought advice regarding its relations with the Supervisors from the Chamber of Commerce, Merchants and Manufacturers' Association, Municipal League and Good Roads Association.

COMMITTEE UPHOLD. The Advisory Committee recently sought advice regarding its relations with the Supervisors from the Chamber of Commerce, Merchants and Manufacturers' Association, Municipal League and Good Roads Association.

Car Is Tried Out Here and Many Lines In This Section May Be Equipped. The Southern Pacific is gradually extending the use of motors on short runs over its system.

## THE POLITICAL WATCHTOWER

Now that City  
Attorney Hewitt  
has ruled that  
anybody can put  
up a complete  
municipal ticket  
and sign for it as  
a whole with from  
100 names up, the  
city primary law,  
which is vastly  
different from the  
State law, has  
lost many of its  
bewildering curves  
for politicians and  
office-seekers, who  
are preparing to  
get together in the  
good, old-fashioned  
way to name or  
endorse candidates.  
What little doubt  
may have existed as  
to the right of  
any political party  
or organization to  
hold unofficial  
conventions or  
caucuses has been  
swept aside by the  
City Attorney's  
ruling.

Even before the  
official ruling was  
made public, Republicans of the Ninth  
Ward held a meeting to arrange plans  
for selecting a party candidate for the  
Council from that ward. Republican  
caucuses are to be held in each pre-  
dict of the ward on Friday evening  
or next week, when five delegates from  
each precinct will be named for an  
unofficial ward convention, to be held  
on August 12 for the purpose of choos-  
ing the candidate for Council.

It is expected that forty or fifty Re-  
publicans will attend each precinct  
caucus, which will be open to all voters  
of the party. The residents of every  
neighborhood will have an opportunity  
at these caucuses to talk over the situa-  
tion and to select such men as they  
see fit to represent them in the ward  
convention.

This is considerably different from  
the plan of "Our Set," which has prac-  
tically completed its city ticket with-  
out consulting the voters.

The Ninth Ward usually has been  
the first to act in all political move-  
ments, and it is maintaining its record,  
setting the pace for other wards.

Plans already are under way for caucuses  
in the Fifth Ward, and the other  
seven political subdivisions of the city  
subsequently will fall rapidly into  
line.

While full tickets may be petitioned  
for as a whole, there will be nothing  
like a party column on the primary  
election ballot. The Recall Set may  
name names from top to bottom, as  
may any other clique, or any party,  
but the names of the various candi-  
dates will be jumbled bewilderingly  
on the ballot, with nothing to indicate  
who is "set," and who Republican,  
Democrat or Socialist.

Under the law, the names of the candidates  
will appear alphabetically, grouped under  
the designations of the offices to which  
they aspire—Mayor first, and so on  
down the list, the "A's" always lead-  
ing in each group, and the "Z's"  
bringing up the rear. Positively nothing  
on the ballot to indicate party af-  
filiation, source of candidacy, or sup-  
port of any candidate.

Of course, it is expected that voters  
will inform themselves well as to the  
names of the candidates. For in-  
stance, they will know that Alexan-  
der, who probably will head the list  
of majority candidates, is of the re-  
call organization. In fact, all the can-  
didates for Mayor will be pretty well  
known on primary election day in No-  
vember. But there may be so or 100  
candidates for Council. For every  
voter to know every one of these with-  
out a printed list to guide him by  
showing party affiliation, will be im-  
possible.

It will be a simple enough matter  
after the primary, for there will be  
but two opposing candidates for each  
office, and the voters will be able to  
tell at once on the basis of Education  
or on the basis of the Recall Set  
one of the candidates.

The lines will be  
drawn so tight that little chance for  
mistake will exist.

Friends of Robert Hayhurst of the  
Sixth Ward, steward at the County  
Hospital, have started a boom for him  
for the office of City Assessor, and  
Capt. Fred Stiles, Jr., of the County  
Tax Collector's office, also is a possi-  
ble candidate for the same nomination.

Both men are Republicans and have  
been active in party politics for sev-  
eral years. Hayhurst is one of the  
most prominent of the Sixth Ward Re-  
publican Club, which in past campaigns  
has had a tremendous membership.

The club is about to reorganize for the  
city campaign and to take up the fight  
for Hayhurst.

Howard Robertson, deputy in the  
City Attorney's office, is a possible  
candidate for the place now held by  
Hewitt, and he is not run against  
Hayhurst.

Though his chief and several brother  
deputies are of the recall stripe, Rob-  
ertson is a Republican of the "straight"  
variety, in which case Deputy John  
Shenk of the same office, also a possi-  
ble candidate for City Attorney.

Both men are Republicans and have  
been active in party politics for sev-  
eral years. Hayhurst is one of the  
most prominent of the Sixth Ward Re-  
publican Club, which in past campaigns  
has had a tremendous membership.

The club is about to reorganize for the  
city campaign and to take up the fight  
for Hayhurst.

George A. Smith, independent candi-  
date for Mayor, continues as the polit-  
ical totem on the boards of his polit-  
ical friends, and he is not run against  
Hayhurst.

Though his chief and several brother  
deputies are of the recall stripe, Rob-  
ertson is a Republican of the "straight"  
variety, in which case Deputy John  
Shenk of the same office, also a possi-  
ble candidate for City Attorney.

Both men are Republicans and have  
been active in party politics for sev-  
eral years. Hayhurst is one of the  
most prominent of the Sixth Ward Re-  
publican Club, which in past campaigns  
has had a tremendous membership.

The club is about to reorganize for the  
city campaign and to take up the fight  
for Hayhurst.

Howard Robertson, deputy in the  
City Attorney's office, is a possible  
candidate for the place now held by  
Hewitt, and he is not run against  
Hayhurst.

## THE POLITICAL WATCHTOWER

Now that City  
Attorney Hewitt  
has ruled that  
anybody can put  
up a complete  
municipal ticket  
and sign for it as  
a whole with from  
100 names up, the  
city primary law,  
which is vastly  
different from the  
State law, has  
lost many of its  
bewildering curves  
for politicians and  
office-seekers, who  
are preparing to  
get together in the  
good, old-fashioned  
way to name or  
endorse candidates.  
What little doubt  
may have existed as  
to the right of  
any political party  
or organization to  
hold unofficial  
conventions or  
caucuses has been  
swept aside by the  
City Attorney's  
ruling.

Even before the  
official ruling was  
made public, Republicans of the Ninth  
Ward held a meeting to arrange plans  
for selecting a party candidate for the  
Council from that ward. Republican  
caucuses are to be held in each pre-  
dict of the ward on Friday evening  
or next week, when five delegates from  
each precinct will be named for an  
unofficial ward convention, to be held  
on August 12 for the purpose of choos-  
ing the candidate for Council.

It is expected that forty or fifty Re-  
publicans will attend each precinct  
caucus, which will be open to all voters  
of the party. The residents of every  
neighborhood will have an opportunity  
at these caucuses to talk over the situa-  
tion and to select such men as they  
see fit to represent them in the ward  
convention.

This is considerably different from  
the plan of "Our Set," which has prac-  
tically completed its city ticket with-  
out consulting the voters.

The Ninth Ward usually has been  
the first to act in all political move-  
ments, and it is maintaining its record,  
setting the pace for other wards.

Plans already are under way for caucuses  
in the Fifth Ward, and the other  
seven political subdivisions of the city  
subsequently will fall rapidly into  
line.

While full tickets may be petitioned  
for as a whole, there will be nothing  
like a party column on the primary  
election ballot. The Recall Set may  
name names from top to bottom, as  
may any other clique, or any party,  
but the names of the various candi-  
dates will be jumbled bewilderingly  
on the ballot, with nothing to indicate  
who is "set," and who Republican,  
Democrat or Socialist.

Under the law, the names of the candidates  
will appear alphabetically, grouped under  
the designations of the offices to which  
they aspire—Mayor first, and so on  
down the list, the "A's" always lead-  
ing in each group, and the "Z's"  
bringing up the rear. Positively nothing  
on the ballot to indicate party af-  
filiation, source of candidacy, or sup-  
port of any candidate.

Of course, it is expected that voters  
will inform themselves well as to the  
names of the candidates. For in-  
stance, they will know that Alexan-  
der, who probably will head the list  
of majority candidates, is of the re-  
call organization. In fact, all the can-  
didates for Mayor will be pretty well  
known on primary election day in No-  
vember. But there may be so or 100  
candidates for Council. For every  
voter to know every one of these with-  
out a printed list to guide him by  
showing party affiliation, will be im-  
possible.

It will be a simple enough matter  
after the primary, for there will be  
but two opposing candidates for each  
office, and the voters will be able to  
tell at once on the basis of Education  
or on the basis of the Recall Set  
one of the candidates.

The lines will be  
drawn so tight that little chance for  
mistake will exist.

Friends of Robert Hayhurst of the  
Sixth Ward, steward at the County  
Hospital, have started a boom for him  
for the office of City Assessor, and  
Capt. Fred Stiles, Jr., of the County  
Tax Collector's office, also is a possi-  
ble candidate for the same nomination.

Both men are Republicans and have  
been active in party politics for sev-  
eral years. Hayhurst is one of the  
most prominent of the Sixth Ward Re-  
publican Club, which in past campaigns  
has had a tremendous membership.

Victims of Sunday's Trolley Wreck.  
Mrs. Smith and Pores, motorman of Monrovia car, the most seriously  
injured, are now expected to recover, though not entirely out of danger.  
Mr. Smith's hurts are painful, but not fatal.

## CRASH BRINGS ACTION.

(Continued From First Page.)

hospitals in Los Angeles, all being  
at the Crocker-street institution.  
These are Mr. and Mrs. Smith, J. C.  
Burgess, Mrs. J. W. Harrison and a  
man named Schmitzer, aged 18.  
"Mr. Smith's injuries consist  
of sprains that will keep him confined  
for a few days," said Dr. C. LeRoy  
Lowman, last night. "Mrs. Smith is  
in bad shape and it will be a long  
time before she can leave her bed.  
She is suffering a great deal. She  
was severely bruised on the back and  
the pelvic bones were injured. She  
is compelled to lie on her back as  
that the big bones press into the  
broken tissues, causing intense suf-  
fering that cannot be avoided. I do not  
think she is permanently injured."

SQUEEZED BETWEEN TIMBERS.  
Dr. Curt O. Dietrich said J. C.  
Burgess is seriously injured inter-  
nally. He was caught between tim-  
bers and squeezed but will recover.  
"He was hurt about the spine and on  
the left side, but no bones were  
broken," explained Dr. Dietrich.  
Pores, who displayed great bravery  
in sticking to his post in an effort  
to save passengers from the wrecked  
trolley, was severely injured. He was  
formerly a motorman in Kansas City.  
He came to Los Angeles, with his  
wife, about eight years ago.

"I don't think I ever saw my hus-  
band excited," said Mrs. Pores yester-  
day afternoon, and her eyes shone  
when she told how the man had  
done his duty at the risk of his life.  
"I worked with Pores for some time  
when he was on another run," said  
J. T. Stewart, a conductor, "and I  
always found him the best kind of a  
motorman, sticking right to his busi-  
ness and always cool-headed and  
quick. Pores was a native of Wis-  
consin and is known to the Ger-  
mans and Swiss of Southern Califor-  
nia. He worked for Deputy District At-  
torney numerous buildings at Venice."

Coroner Hartwell stated last night  
that if a sufficient number of those  
who were injured are able to appear he  
will hold an inquest this afternoon over  
the remains of Fred Kettler. He added:  
"I shall empanel the best jury I can  
obtain and secure as much evidence as  
possible."

PASSENGER'S STORY.  
A passenger on the forward end of  
the Monrovia car said last night: "I

had a clear view of the track ahead,  
and at the instant the Pasadena car  
flashed into view ahead of us it was  
not more than 150 feet away. The mo-  
torman could not have seen it any  
sooner and we were going at the rate  
of fully forty-five miles an hour. I be-  
lieve that the motorman did everything  
in his power to stop our car, and we  
were probably going about eighteen  
miles an hour when we struck. The  
girl I was with tried to jump over the  
sillings, but I held her back."

Still in the Pasadena Hospital are  
Thomas Bennett, conductor of the  
Short Line car, Henry Williams and La-  
cas Wurm of Los Angeles, and David  
Rutan of Colton. All were reported  
to be doing well at a late hour last  
night.

PERSONAL.  
E. R. Pool, a wealthy structural iron  
manufacturer of Denver, is registered  
at the Alexandria.  
David S. Anderson, a planter of Bir-  
mingham, Ala., is at the Westminster.  
J. W. Smith and wife and Edward  
McBee of Fort Worth, Tex., are  
guests at the Nadeau. The gentlemen  
are interested in the cattle business.  
R. Lockey and wife of Helena, Mont.,  
have taken apartments at the Lan-  
kershim. Mr. Lockey is interested in  
mining.  
M. Schwartz and wife of Portland,  
Or., are at the Hayward. Mr. Schwartz  
is in the lumber business.  
C. C. Schumaker, proprietor of a  
general merchandise store at Silver  
City, N. M., is at the Hollenbeck. Mrs.  
Schumaker accompanies him.  
F. J. Bente and wife of St. Louis  
are registered at the Lankershim. Mr.  
Bente is a large stockholder in a  
hardware manufacturing concern.  
William E. Huff and Leroy Huff are  
at the Van Nuys. The latter is vice-  
president of the Western Meat Com-  
pany of San Francisco.  
F. C. Morehouse, his wife and Mrs.  
J. W. Morehouse, Jr., are late arriv-  
als at the Angelus. Mr. Morehouse is  
heavily interested in mining prop-  
erties in Paria, Mex.

R. B. Parker, a vineyardist of Fresno,  
is at the Nadeau. According to Mr.  
Parker, the grape yield in the Fresno  
district this year will be even larger  
than that of last. "Fortunately," he  
said, "the wineries are preparing to  
take care of the surplus grapes this  
year, thus insuring an outlet for fruit  
which last year was entirely wasted."

SMELL KILLS PARK FISH?  
Gas arising from an outlet pipe of  
the Eastlake Park lake, and not the  
lack of fresh water, is the cause of the  
death of the many gold-fish that have  
turned up their fins in the last few  
days, according to Animal Keeper Rice.  
Rice says he discovered soon after the  
casualties started that foul gas was  
generated in the outlet pipe by reason  
of a clog of weeds at its outer end.  
The cause of the trouble has been re-  
moved and it is believed there will be  
no more fatalities in the finny family.

SPANIARDS AND JAPS HAPPY.  
Police Commission Liberal With Li-  
censes—Patrolmen Made Sergeants.  
Officer to Be Tried.

Two restaurant keepers of the old  
Spanish quarter, whose liquor licenses  
were revoked nearly three months ago,  
received them again last night, at the  
hands of the Police Commission. The  
beneficiaries of recall bounty are Carlo  
Corpe of No. 655 San Fernando street  
and Pasquale Chigaglia of No. 610 San  
Fernando street. They were advised  
to obey the laws strictly in future.  
Commissioner Topham alone ob-  
jected to the commissions' gifts. In  
a discussion with Graham, he went so  
far as to assert that the body could  
not be fair with the liquor business.  
Graham replied: "If we can't be fair,  
we had better quit."

Topham also stood alone in oppos-  
ing the gambling of six additional  
tokes and beer permits to Little Tokio.  
The other members took the view that  
they had no right to refuse applica-  
tions when usefulness of applicants was  
not shown. The Japs, who stood al-  
most in a row, then warned that  
they must pay no "grat" to any one.  
Patrolman Richard Rose will be  
heard, Monday night, on a charge of  
drinking on duty. He was suspended  
by Chief Dishman. W. A. Cornell,  
on probation, was dropped.

A. R. Shaw, P. A. Cooke and W. L.  
Sullivan, patrolmen who have been  
acting as sergeants, were officially  
elevated to that rank.

## FACE'S FEATURES AND FANCIES FOR WOMEN

BY MISS SYDNEY FORD.

"I've visited in four different homes this year, and in each one the man of the house had some pet dish he made," observed a Girl Bachelor, "so I fancy it must be a bad among men just now to do stunts in cuisine."

"I spent the week and not long ago down at the beach and, to my surprise the man of the house insisted on having the percolator brought to him after dinner so that he himself might brew the coffee. His wife smiled at me and then at him, indulgently, as if to say that he humored him to the extent of letting him to this every night," says an exchange.

"In the home of another friend where I happened to be taking breakfast I was very much interested in the concoction my host prepared. He is an Englishman, and it seems his father used to do it before him, so he always made the pill—a combination of flannel haddock, rice and hard boiled eggs—at the table. The maid brought him a platter of haddock, a bowl of boiled rice and half a dozen hard boiled eggs sliced on a plate. Then, with a large silver fork and spoon—and an almost beatific smile on his countenance—my good host proceeded to make his pill, and I must say it was one of the nicest breakfast dishes I have ever tasted."

"Only last Sunday another masterpiece in cookery came under my notice. We had all been to a party when one of the young married men in the party asked us to his apartment with the promise that for tea we should have one of his famous English pancakes. I discovered however that, while he considered himself the cook, all the rest of us stood about the table, the ingredients, and his wife made one or two important suggestions for which we were thankful. After all was said and done and had my comely friend mented him on his skill, I realized that all he really had done was to flap the pancakes over in the pan and assume proprietorship over the feat."

"One of the unique examples of this art was exhibited by the young Southern husband of a friend of mine with whom I spent a week. He makes his pancakes, and the whole household trembles with the noise of the beating. His wife absolutely forbids his doing it when the baby is asleep, but I was glad to be there when he made them, for they were good. Now, don't you think I am justified in believing there must be a bad running riot among men for this sort of thing?"

### Aluminum Cooking Utensils.

I saw a fireless cooker the other day that works to perfection and it cost just \$1.50, plus a packing box and some excise. It was a home-made affair—but the aluminum cooking kettles with that electric heat, one holds six quarts and the other eight and the two cost the price above named, and they will last literally forever."

I was shown an aluminum steamer that has been in use 21 years—and it was no more battered or worn than the average steamer is in two years—if it doesn't spring a leak before that time. The beauty of these aluminum pots and kettles is their durability, lightness and purity. Nothing ever burns or scorches and the heat distributes itself evenly and quickly for aluminum is a rapid conductor of heat."

I saw a nest of aluminum kettles in a number—all of which fit snugly under a single burner. There is an adjustable handle that will clutch any of the kettles at any point on the rim. Thus three separate articles may be cooked over one burner—and that makes a great deal of difference in the gas bill. There is a handy omelette pan too that is joined in the middle so you can turn the omelette in a trice from one pan into the other. Then I noticed a kettle steamer which fits inside the vessel and has a cover locked over it containing all the steam so that one may cook potatoes in the kettle and steam fish or any other vegetable in the steamer at the same time. When the steamer disc is removed you have a general utility kettle which may be used for preserving or pickling or anything else you choose."

There are some very pretty molds in aluminum too, the watermelon mold being in great demand just now. Whereas the prices for aluminum utensils are slightly higher than for other wares, the lasting quality more than compensates for the extra cost."

### Popular Parasols.

A new crop of handle birds and baskets are in evidence in the parasol departments. It may be a stork or a crane, with curved neck and long beak which make an excellent hook handle, or it may be a ridiculous monkey. The handles show a tendency to grow more and more elaborate and some of them are very high in cost. Pongee and linen parasols may now be had at very low prices and pretty beach parasols are selling at local prices for as little as 25 cents—or even less."

### Health in Housework.

Physical culture has grown to be such a fad with women of every age and in every walk in life that it is a comfort to the housewife to realize that every time she sweeps a room or makes a bed or shakes a rug she is exercising a certain set of muscles which will make for her health and beauty. The doctors declare that many a peevish, sallow-faced young wife would be as rosy-cheeked and healthy as her maid if she were compelled to take similar exercise. It is an important thing for housewives to remember that doors and windows should be kept open when working about the house, and the muscles should be braced just as in gymnasium exercises. This method of doing one's housework will save many a doctor's bill and bring the glow of physical vigor to many a faded cheek."

### Artistic Cut Glass.

Have you ever noticed in the magnificent displays of cut glass in the windows of our local jewelry and china shops the distinctively Californian subjects used as motifs? In a certain window the other day I saw an exquisite set of cut glass with a design in poppies, and another in marguerites. A third was done in thistles set in such fine and perfect lines that it was like an impression of the flower itself. You will notice a growing tendency to follow nature for motif and model in cut glass. It may not be generally known that one large firm has brought to this coast a perfect wizard in the art of cutting glass—an artist who has broken away from the old conventional

lines and carved new and original designs with the hard, stiletto point of his grinding stones—a composition perfected by himself. His exquisite special designs for family crests, emblems, club insignia, etc., and a magnificent exhibit of his creations are at all times displayed in this establishment."

### Efficient Hat Protector.

Vogue tells of an ingenious hat protector which has just made its appearance and which will no doubt receive a warm welcome from the motoring fraternity. This clever device completely covers the hat and its trimmings and may be put on or taken off in half a minute. Various materials may be used according to the purpose for which it is desired. In silk, cotton, where sudden summer showers are unknown, it would find its greatest use for motoring and could therefore be made of silk mull, silk or crepe de chine. At the edge of the protector are patent clasps by which it is attached to the brim of the hat. There is sufficient fulness to suit the trimming of the hat, over which it is fastened by draw strings. The protector is further held in by a shirred band that runs across the middle. It protects feathers or flowers perfectly when one spins in her auto to a reception or other function which demands one's best hat."

### Parkly Points.

There is a yellowish vogue in gloves, ranging from champagne and the lightest shades of brown to an undesirable bright yellow."

Some of the smartest slippers to wear with white linen gowns are of patent leather with colonial buckles and red French heels."

Lingerie waists made after the pretty Dutch neck model of wide bands of embroidery are among the newest models of the season. Bags of Irish linen are to be found everywhere, big enough to hold a handkerchief, a tiny bit of fancy wear or whatever milder desire to carry."

Old blue is a color in high favor, and beautiful effects may be obtained by blending two or three different shades with discrete introductions of black."

Natural colored pongee makes some of the smartest hats to match costumes of the material, the crown and part of the brim being embroidered in the same color."

There is a rage of shawtings and tussers in Paris, these materials being chosen for gowns, coat suits, wraps, separate blouses, hat trimmings and even handbags."

Summer gloves of silk and linen open mesh are both modish and comfortable. They are offered in black, white and colors and are much cooler than the ordinary fabric kind."

Rompers for the little ones and daughter are as much in favor as ever this season. Made of pink or blue chambray, piped with white, they are especially attractive as well as sensible."

A curious combination is found in some of the hat scarves. They are made of linen and silk. The colored center is of silk moire, while the border is made of cream-colored linen."

Some of the prettiest coats for children are being made with the old-fashioned couler or single-breasted design of the small ones being made of dotted and figured Swiss, lined with China silk."

## EVENTS IN SOCIETY.

**A**s a compliment to Miss Catherine Griffin daughter of Patrick Griffin of No. 808 South St. Louis street, whose engagement to Francis Richard Chalmers has been announced, her sister, Miss Nell Griffin, entertained with a theater party at the Belasco, followed by tea at Christopher's. The appointments at the tea were carried out entirely in pink. An artistic centerpiece of peas and carnations rested on a fern-bordered mirror and dainty cards, adorned with beads, marked places for Miss George Sieben, Mrs. Morris Griffin, Miss Carolyn Reynolds, Miss Clara Bullis, Miss Florence Winter and Miss Anna Newhall.

**At Arrowhead.**—Mr. and Mrs. L. N. Van Nuys, their daughter, Miss Annie, and their son, J. Benton Van Nuys, of West 54th street, are sojourning at Arrowhead Hot Springs. Others at that resort are Mr. and Mrs. A. Shepherd, Mr. and Mrs. S. R. Williams, Mr. and Mrs. J. J. Newell, W. E. Newton, L. C. Macomber, William D. McConnell and Shirley Ward.

**Wedding Trip Ended.**—Mr. and Mrs. Frank B. Matthews have returned from their wedding trip and will receive their friends the first and third Wednesdays at No. 1401 Santee street.

**Miss Adam Hostess.**—Miss Beatrice Adam entertained, Saturday, delightfully in honor of her friend, Mrs. Oscar Pepper, a recent bride, and also as a compliment to Mrs. E. E. Hooper, of San Francisco, and Miss Jonnie Yager. Musical selections were given during the afternoon by Miss Alice Torrey, Miss Beatrice Dewitt and Miss Yager. Present were Mrs. Richard Burford, Mrs. Philip Wells, Mrs. Auckanbach, Mrs. Charles Palmer, Mrs. L. A. Heister, Mrs. Meyer, Mrs. Edmundson, Mrs. Van Vleet, Mrs. J. R. Witham, Mrs. Arthur Reed, Mrs. Cummings, Mrs. F. C. Longe, Mrs. Arthur Cardwell, Mrs. P. R. Adam, Miss Grace Blackburn, Miss Jewel Boone, Miss Hazel Probst, Miss Elsie Briffens, Miss Gladys Bridges, Mrs. Gertrude Bostwick, Miss Ruth Linder, Miss Ethel Culver, Miss Blanche Ford, Miss Marguerite Ford, Miss Myrtle Gibson, Miss Bertha Jackson, Miss May Longe, Miss Lella Longe and Miss Lena Woodworth.

**Boeing Exposition.**—Mrs. Harry White of No. 22 Bankers Hill avenue, has gone to Seattle, where she will join Mr. White, who has been in that city since the opening of the exposition.

**At Catalina.**—Mr. and Mrs. William J. Gracey of Prescott, Ariz., who were guests of Mrs. Wellington Burks of Haldane avenue for two weeks are now visiting at Catalina.

**Luncheon at Club.**—A beautifully appointed luncheon was given at the California Club, yesterday, by Mrs. Frederick C. Wann in honor of two charming eastern visitors, Mrs. J. H. Dickson and Mrs. Sheldon S. Roby. The table centerpiece was designed to represent a miniature pond of water lilies. The place cards bore the monogram of each guest. Those present were Mrs. Harry Dana Lombard, Mrs. Charles C. Car-

lines and carved new and original designs with the hard, stiletto point of his grinding stones—a composition perfected by himself. **Catherine Claire Griffith** a young bride-to-be, in whose honor a fashionable theater party and luncheon was given.

poster, Mrs. J. Ross Clark, Mrs. William S. Hook, Jr., Mrs. L. H. Bayley, Mrs. Cosmo Morgan, Mrs. H. M. Robertson, Mrs. Charles Perkins, Mrs. G. G. Guyer, Mrs. Thomas B. McNab, Mrs. Carroll H. Brown, Mrs. Thomas Cole, Mrs. Hugh Livingston Macneil, Grace Melius, Alice Elliott and Louise Burke. Mrs. Dickson is the guest of her sister, Mrs. J. F. Conroy of No. 60 West Thirtieth street, and Mrs. Ramsey of No. 2425 Western avenue.

**Informal Affair.**—Mrs. George Tedford of No. 123 Jasmine street, entertained informally, recently, in compliment to charming Miss Anna Messmore, who is soon to wed her cousin, C. L. Tilley. Music and games were enjoyed by Mrs. Jessie Tilley, Mrs. Boydwin, Mr. and Mrs. J. U. Whiteley, Harry Whiteley, Miss Lillian Whiteley, Leo Tilley and Edgar Tilley.

**Cousin Honored.**—Miss Eula Hancock, of No. 216 West Forty-third place, was hostess, recently, at an afternoon party with which she entertained in honor of her cousin, Miss Edna Bennett, who, with her mother, Mrs. Harvey J. Bennett of Springfield, Ill., is the house guest of Miss Hancock. Games were played and prizes awarded to Miss Evelyn Kinder and Miss Mary Brodbeck. Others who enjoyed the occasion were Miss Beattie Brown, Miss Allene Chase, Miss Jessie Crabb, Miss Henrietta Drexel, Miss Margaret Locke, Miss Lois Oxman and Miss Jennette Wallace.

**Two Weeks by Sea.**—Mrs. George J. Consigny of No. 90 Grand View street, her daughter, Miss Yenita, and Miss Louise Baker will leave soon for a two weeks' outing at Catalina.

**Hunters Return.**—Mr. and Mrs. W. G. Hemerway of the Hampden Arms have returned from a week's hunting trip. They traveled in their motor car.

**Guest of Mother.**—Mrs. White, wife of Rev. H. W. White of Covin, was recently the guest of her mother, Mrs. A. H. Smith of West Forty-ninth street.

**Pleasant Visit.**—Miss Enna Hendricks of No. 321 South Flower street, who, with Miss Marie Holway of this city, has been the guest for the past two weeks of the former's sister, Mrs. Oliver Harwood, near Santa Paula, has returned.

**To Foreign Shore.**—Mrs. Alice B. Fuller and daughter, Miss Ethel, who have been visiting the large eastern cities for the past year will sail, tomorrow, from New York for an extended European trip. They will be accompanied by Mrs. Fuller's sister, Mrs. Annie L. Bartlett.

**Miss Filbert at Home.**—Miss Bessie Filbert, daughter of Mrs. L. L. Filbert of Romeo street, has returned after a successful theatrical engagement. She was recently the guest of her sister, Mrs. H. E. Van Dune of San Francisco.

**Mrs. Betty LaVoe.**—Mrs. Frederic Betty of Santa Barbara, who spent several weeks with her mother, Mrs. Rebecca W. Moore of this city, returned to her home yesterday.

**Touring in Auto.**—Mr. and Mrs. George D. Roberts of Hotel Alvarado, are entertaining a party of seven in their auto and will tour Southern California.

**In North.**—John Ferrel Hunt, of West Thirtieth street is spending his three weeks' vacation in the North.

**Birthday Surprise.**—At the Hotel Ottawa, recently, Miss Sadie Jacobs was the honored guest of a delightful surprise party given by friends, in celebration of her nineteenth birthday. Vocal and instrumental music was rendered by the Ottawa chorus and by Misses Holdeman, Jacobs, Beorn, Mrs. Gale, Mrs. Winslow and Messrs. Cord and Keim.

**Mountain Luncheon.**—The event of the week at Forest Home was the luncheon and afternoon

## Ladies

You Know Values

WE have just finished taking our annual inventory and find that we are overstocked on certain goods in our drapery department on the seventh floor. In pursuance with our established policy, when an article is too long on our floors, or for any reason we desire to close it out, we reprice it.

In this case, as in that of the office furniture which we disposed of some time ago, we shall sell the following articles at cost, and in some cases less:

### Lace Curtains

Nottinghams	Novelty Curtains
Cable Nets	Lacet Arabians
Irish Points	Brussels Net
(White, Ecru & Colored)	
Cluny Curtains	Lace Bed Sets
(White and Ecru)	Muslin Bed Sets
Portieres	Scotch Madras
(Ready to hang)	Printed Scrim
Figured Tapestry	Domestic Taffetas
Bordered Tapestry	Domestic Cretonne
Mercerized Armure	Couch Covers
Silk Velours	Pillow Tops
Silk Tapestry	Snow Flake Curtains
French Velours	

The marking of these goods at cost will enable us to sell them quickly, and, at the same time offer the women of Los Angeles and vicinity an exceptional opportunity to buy.

We hardly think it necessary to dwell on the fact that these offerings are real bargains—we use the word "bargain" advisedly, knowing it to be a much abused word. When it comes to the articles above mentioned, a woman can tell their value at a glance, and when women see these goods their confidence in the claims of this store will be still further strengthened.

Purchasers at this sale will be shown the same courtesy as though buying at regular prices, the Pease guarantee is not eliminated, and our consulting decorator and drapery men are ready to give helpful suggestions and assist in securing desired results.

Out-of-town customers can write us about what they require, and we will gladly quote prices and make selections, if desired.

MURRAY ROYAL, Edwin Lloyd and Stanley Carnahan made the best start toward the special prize for best suits obtained in "The Times" scholastic contest during the present season. Master Roy, who leads the division for the special prize, is the week with a gain of 400 points over his total score up to even with that of Mary Pearl Pot of Monrovia, who failed to reach the century mark during the present season, and Miss Potol have to move briskly on or he out her from sixth place which he held without much opposition late.

Both Miss Potol and Master Roy are far enough advanced to make hot for Frank Maine, the Italian renaissance and erstwhile "star" of the contest, who was forced last fifth place last Saturday. It appears for awhile as though the Italian would be borne at the head of the procession until the last. Maine has now fallen so far behind the leader that he can only first place by making a cupful of fort. But Frank's illustrious patriot, Gen. Garibaldi, has the forces to victory more than when the odds appeared to be against him. Maine may cause history to repeat itself before the contest is over.

Miss Lloyd, who heads the division—comprising all who had 20,000 and under 10,000 points at end of last week—started the week with a gain of 400 points and has an easy victory for the ap- per would be borne at the head of the procession until the last. Maine has now fallen so far behind the leader that he can only first place by making a cupful of fort. But Frank's illustrious patriot, Gen. Garibaldi, has the forces to victory more than when the odds appeared to be against him. Maine may cause history to repeat itself before the contest is over.

Edwina hopes to finish high end of the Huntington Hall school ship and she feels very much encouraged by the start she has made. It means something to be in two place in competition with such vigorous rivals. There is danger, it

MURRAY ROYAR, Edwin Lloyd and Stanley Carnahan have made the best start toward winning the special prizes for best results obtained in the Times scholarship contest during the present week. Master Royar, who leads the first division for the special prize, began the week with a gain of 6067 points, bringing his total score up almost even with that of Mary Pearl Pottol of Monrovia, who failed to tally. Murrey is striving hard to reach the century mark before the setting of another sun, and Miss Pottol will have to move briskly on or he will out her from sixth place which she has held without much opposition of late.

Both Miss Pottol and Master Royar are far enough advanced to make it hot for Frank Maine, the Italian representative and erstwhile "king" of the contest, who was forced back to fifth place last Saturday. It appeared as though the Italian banner would be borne at the head of the procession until the last, but Maine has now fallen so far behind the leader that he can only regain first place by making a supreme effort. But Frank's illustrious cousin, Gen. Garibaldi, led the Italian forces to victory more than once when the odds appeared to be overwhelmingly against him, and Signor Maine may cause history to repeat itself before the contest is over.

WINESOME EDWINA.

Miss Edwina Lloyd heads the second division—comprising all who had over 1000 points at the end of last week—starting the new week with a gain of 4678 and will have an easy victory for the special prize. If the sea were competing with her for it she would not be a better showing during the remaining five days of the week than they did yesterday. Not one of the ten scored a gain as large as that of Winesome Edwina.

Miss Lloyd has developed remarkable business ability since she entered the contest. At first she was very diffident and could hardly get up her courage to ask any one for a year's subscription, but within the last two weeks she has learned to do business and she does it so effectively that she has secured a year's subscription on as one year or two months at the beginning.

Edwina hopes to finish high enough to win the Huntington Hall scholarship and she feels very much encouraged with the start she has made, as it means something to be in twelfth place in competition with such strenuous rivals. There is danger, how-

ever, that Ruth Ferguson and Edith Tiddball will overtake her before the end of the week unless she can keep on moving, as Ruth and Edith need only a few new yearly subscriptions to catch up with her. On the other hand, Edwina needs but a few more new yearlies to overtake Miss Pedley and Miss Glasscock.

STANLEY CARNAHAN, leader of the third division—comprising all with scores of less than 20,000 at the end of last week—registered a gain of 4869 yesterday, which is more than three times as much as any of his competitors scored. Stanley was a contestant who has developed rapidly in business ability since the contest began. He finds the business experience gained and the friendships formed alone ample compensation for the effort he is making.

STERLING H. SCHICK, by a gain of 271, captured twenty-fifth place from Miss Hattie Sargent of Garden Grove, whose gain for the day was but 47. By a little extra effort Miss Sargent can recover her lost position as Sterling is only 182 points ahead of her, and not in the habit of hitting the high places. Although Sterling is a very worthy lad his friends do not often favor him with yearly subscriptions.

FURRER SAVES HIS PLACE.

Ernest Furrer, the "Poly High" boy, who entered the contest with a great flourish of trumpets and after a few spasmodic efforts lapsed into inactivity and obscurity, came out of his trance yesterday and now promises to keep busy during the remainder of the contest. As an earnest of his resolution to be in the race at the finish, he registered a gain of 1698 points, moving up two degrees to thirty-second place, at the expense of Arah Small and Albert Lesher.

Mrs. Anna M. Sampson of No. 1177 West Twenty-fifth street, who is an invalid, but wishing to help some one to win a prize, says she selected Ernest Furrer, "because he has a good face," but noting that his score was not increasing of late, she inferred

that he had perhaps quit working, and she therefore wished to transfer her support to Carl B. Hunkel, the boy who is "his mother's only hope." Master Furrer resumed work in the contest just in time, however, to show that he is not a quitter, but he will have to keep on working now to save his "good face." If he expects kind-hearted people like Mrs. Sampson and others to continue favoring him with their coupons and subscriptions, he must show no disposition to help them out.

Hereafter any contestant whose score remains unchanged for an entire week will be fined 1000 points or be dropped from the list at the option of the contest manager.

CLEVERLY MEN'S SONS.

John Keeble Thurbay, the bright little son of Rev. John W. Thurbay, rector of the Church of the Ascension, Boyle Heights, has been coming up gradually for the last few days. A gain of 1340 points took him up one degree ahead of Guy Barnhart yesterday and he now occupies thirty-eighth place. Master Thurbay has many friends among the clergy and laymen of the Protestant Episcopal church in Southern California, and his prospects of winning a scholarship are becoming brighter every day.

What is the matter with the other minister's son in the contest, Ray Wilcox of Claremont, a native of Africa, but not of the Ethiopian race, for Ray just happened to be born in the dark continent on account of his father being a missionary there. It looks as though the son of a missionary living in a college town like Claremont should receive more encouragement in his efforts to win a scholarship than Master Wilcox has received thus far. He is almost at the very bottom of the list, Miss Mearl Kneisel, the Latter Day Saint.

Little Anna Bloom has been ailing since last Friday, when she was a victim of the "flu" epidemic. Her trip to the city after a brave fight to keep near the head of the list, Little Anna has shown a most generous disposition toward other contestants, and her friends should help her while she is unable to help herself.

Edward Waller registered a gain of 496 and remains in forty-first place. He is a native of Hungary and is hungry for education. He is a bright and energetic boy, but has not many friends to help him. His chief lieutenant in his little brother, Jerome, who is decidedly one of the "flu" victims of the Los Angeles, and a little gentleman at that.

ON THE SICK LIST.

WELL-KNOWN MAN GONE.

Sudden Death of Bartholomew Gibbons—Funeral Services in St. Vincent's Cathedral Tomorrow.

Sincere will be the sorrow in many hearts over the death of Bartholomew Gibbons, who died at the age of 43 years, after a short sickness, in his home at No. 154 West Twenty-third street yesterday morning. "Barth" was one of those whole-souled Irishmen who are typical of the race which has made the name a synonym for wit, good humor, stirring honesty and loyalty.

Born in Roscommon, Ireland, in 1866, Bartholomew Gibbons came to Los Angeles in 1888, following to this Mecca of so many true Galls two brothers and a sister. He went to work for the old Los Angeles Railway Company on its Olive-street line, and

News Happenings South of the Tehacheni.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SANTA ANA.  
NOT MURDERED,  
SHERIFF SAYS.

THINKS ARMY VETERAN DIED  
FROM NATURAL CAUSES.

Man Whose Body, Mutilated by  
Coyotes and Wildcats, Was Found  
in Gypsum Canyon, Is Not Now  
Thought to Have Been Victim of  
Paul Play.

SANTA ANA, July 26.—Sheriff Lacy,  
after ten days' investigation, is con-  
vinced that Edward Sweeney, whose  
body mutilated by coyotes and wild-  
cats, was found in Gypsum Canyon near  
Palm Springs on the 15th inst., came to his  
death from natural causes. Until to-  
day the sheriff was at work on clues  
he was satisfied would end in the con-  
viction that Sweeney was murdered.

Sweeney, Francis Keegan and Milton  
Smith, two miners with whom Sweeney  
made merry for a week before he  
disappeared on June 28, walked into  
the sheriff's office. Keegan said he had  
heard that he was suspected of having  
killed Sweeney, and he had come to  
Santa Ana to face the music.

Keegan was not guilty.

Officers had believed Sweeney  
Keegan's camp with three \$20 gold  
pieces in his pocket. When he was  
found only \$25 was in the clothing.

The time Sweeney disappeared  
Keegan deposited three \$20 gold pieces  
with Postmaster Duckworth at Ana-  
haim. Keegan and Smith said the offi-  
cers were wrong about Sweeney's  
money. He had three \$20 gold pieces  
when he arrived in Gypsum Canyon  
on June 28, but he spent a week drink-  
ing most of the time at Anaheim, and  
lost all of his money in saloons. Keegan  
offered proof to show that he (Keegan)  
had two twenties and then drew  
the money from his pocket.

Keegan helped the sheriff search the  
territory for Sweeney's coat, shirt and  
hat. The coat was found by Keegan  
near two trees beside a small adobe  
at the foot of Alta Vista Hill. The hat  
and shirt have not been discovered.

Keegan says Sweeney had a horse  
when he left camp. He thinks  
Sweeney wandered about until he  
dropped dead from heart failure, from  
which the sheriff has learned Sweeney  
was a sufferer. Keegan served Sweeney  
in the United States army. Sweeney,  
Keegan and Smith were all on  
leave from the soldiers' home  
when Sweeney arrived at Keegan's  
camp on June 28.

SANTA BARBARA.  
GUN AT BREAST,  
THEN ARREST.

MAN WHO WOULD MURDER WIFE  
STOPPED IN TIME.

Pleads Guilty to Charge of Dis-  
turbance Peace and Is Given Heavy  
Sentence Which Is Suspended on  
Condition That He Leave Town.  
Kirmess Planned.

SANTA BARBARA, July 26.—John  
E. Kirmess, employed as an engineer  
on the private yacht Hawkeye, belong-  
ing to Harmon Bell, a San Francisco  
attorney, yesterday threatened to kill  
his wife. He had seized her about  
the neck and was pressing a revolver  
against her breast when arrested. He  
was charged with disturbing the peace  
and in the police court today pleaded  
guilty. He was given a heavy sen-  
tence, which was suspended on his  
promise to leave town and not bother  
his wife any more. They have lived  
in Oakland the past year. She is 35  
years old and says he treated her  
brutally. She came to her mother,  
Mrs. Dominga Burk, widow of a  
former tax collector and he followed.  
He was given permission to enter the  
house when he caused the scene that  
led to his arrest. She will seek a  
divorce.

COLTON.  
SHELL LODGES  
IN HER HIP.

GIRL ACCIDENTALLY SHOT BY  
DEPUTY GAME WARDEN.

Man Gathers Companion in His  
Arms, Races With Her to Carriage  
and Drives at Breakneck Speed to  
the Hospital, Where Terrible  
Wound Is Dressed.

COLTON, July 26.—Miss Garnet  
Howe, who, as reported in this morn-  
ing's Times, was shot yesterday, is  
still in a very serious condition at a  
local hospital. She sustained injury  
by the accidental discharge of a shot-  
gun in the hands of Deputy County  
Game Warden Ray Palmer. Both re-  
side at Colton. They were out rabbit  
hunting yesterday among the Crest-  
more Hills. While racing down a hill  
Palmer's weapon was discharged, the  
full contents of one of the shells lodg-  
ing in the young woman's hip, inflic-  
ing a shocking wound.

Palmer gathered his companion in  
his arms and raced with her to their  
carriage. He then drove at break-  
neck speed to the Colton Hospital,  
arriving after dark. How he happened  
to discharge the gun is a mystery. It  
is a hammerless weapon, and his only  
theory is that the safety catch was  
probably open, and as he fell the  
force of the impact with the ground  
operated the trigger.

At the time Miss Howe was but  
four feet in advance of Palmer. This  
evening word from the hospital  
gives encouragement that she will re-  
cover. Palmer this morning telephoned  
County Clerk at San Bernar-  
dino resigning as a deputy game war-  
den.

Every Day It  
Grows Stronger

In capital, in number of stockholders, in additional build-  
ing of homes, every day "Home Builders" steadily grows  
stronger.

In its simple, straightforward methods of doing business  
(avoiding dangerous speculation and costly debt, misleading  
and bombastic statements) every day it is growing in the  
esteem of the people and of investors both large and small.  
Many of those

Who First Subscribed

are evincing their satisfaction anew by increasing their hold-  
ings and by freely advising their friends to do the same.

By special permission, reference is made to the First  
National Bank. That bank especially is kept fully informed  
as to "Home Builders" progress each month, and in turn its  
officers will tell you about its steady growth in deposits, as  
shown by the BANK RECORDS.

The price, NOW \$1.35, will August 1 be

Advanced to \$1.40 a Share

In addition, all the stock paid for by that date will share  
in the full dividend for the quarter ending July 31, \$3.00 on  
each 100 shares, or proportionately on any number of shares.

Treasury Stock

Quite unlike speculative corporations with promoters' stock,  
every share of "Home Builders" stock yields the treasury its full  
value, or more, before the Certificate of Stock is issued. Then, with-  
out speculating in any way, the money received is put to work in  
the construction of homes, which are already sold—all bills being  
cleared up each month, thus avoiding costly debts, and making your  
investment absolutely safe as well as profitable. The terms are 10  
per cent. down and 5 per cent. monthly, no interest, or all cash.  
"Home Builders" Monthly, free, tell all about it. Or call and get a  
demonstration of "How it is done."

A GREAT ENTERPRISE  
COMES TO LOS ANGELES

The Owl Drug Company, Inc., Makes an Important Connection With the  
Largest Co-Operative Corporation in America, Backed by Men  
Doing an Annual Business Amounting to  
\$75,000,000.

PEOPLE OF LOS ANGELES BENEFITED

The Owl Drug Co. of this city have  
with characteristic enterprise, demon-  
strated their ability to keep well  
abreast of the times by connecting  
themselves with the largest drugstore  
cooperation in America. The men  
connected with this enterprise do a  
yearly business aggregating over \$75,  
000,000, which well emphasizes its  
soundness and magnitude. Interested in this  
enterprise is unquestionably demon-  
strated by this guarantee, which is  
printed on every package: "This  
preparation is guaranteed to give satis-  
faction. If it does not, come back  
and get your money—it belongs to  
you and we want you to have it."

This is certainly an innovation that  
must appeal to the people of Los An-  
geles. It insures safety and satis-  
faction because our own local drug-  
store, The Owl Drug Co., Inc., who are  
so well known and highly respected  
for their integrity, are connected with  
this enterprise, and are staking their  
own personal reputation on the qual-  
ity of these remedies, and the very  
frankness with which they take the  
people of Los Angeles into their confi-  
dence assures an unprecedented suc-  
cess for these Remedies, which are  
sold under the trade-name Rexall,  
which means King-of-All. From re-  
ports coming from thousands of towns  
and cities, the Rexall Remedies are  
certainly demonstrating their full  
title to the name.

Those who have previously refused to  
buy proprietary medicines because  
there was no way of ascertaining  
their ingredients, and being guaran-  
teed that they are in every way  
represented, or they will cost nothing.  
Rexall Dyspepsia Tablets are the  
first of the three hundred remedies  
which are being introduced. Anyone  
in Los Angeles who suffers from  
stomach derangement, indigestion or  
dyspepsia should not hesitate to try  
this Rexall remedy when they are so  
highly recommended and backed with  
such a strong guarantee.

The Owl Drug Co., Inc., are so well  
and favorably known for their ster-  
ling honesty and square dealing that  
we predict a great success for them  
with the Rexall Remedies, and they  
are to be heartily congratulated in  
bringing this great and modern busi-  
ness enterprise to Los Angeles.

We urge all who may be in need  
of prepared medicines to call on the  
Owl Drug Co., Inc., and learn about  
the Rexall Remedies. Enterprise of  
this sort should be encouraged.

Over two thousand different formu-  
las were turned over to the company.  
Each formula being selected because  
of its tested and proved value and es-  
tablished reputation, gained through  
continued and successful use by promi-  
nent physicians.

A research committee of expert  
chemists and physicians made a most  
thorough and exhaustive test of each  
one of these two thousand prescrip-  
tions and they had selected about  
three hundred as being the very best  
and most dependable known to medi-  
cal science, each for the treatment  
and cure of a particular ailment.

These three hundred remedies are  
now manufactured by the company,  
which is known as the United Drug  
Co., Boston, Mass. In one of the  
largest, most modern and best equip-  
ped pharmaceutical laboratories in  
the United States.

The tremendous output of this com-  
pany enables it to purchase drugs,  
herbs and other necessary material in  
very large quantities. The co-opera-  
tion and professional advice of 2000  
leading druggists guarantees the high  
quality of everything used and guar-  
antees that only formulas of extraor-  
inary merit are used in the manu-  
facturing of their products.

The preparation of this company  
are shipped direct to the retail drug-  
gists who are connected with the en-  
terprise. Thus their absolute fresh-  
ness is assured, and it is impossible  
for their quality to deteriorate, there  
are no middlemen or jobbers' profits  
to be added to their cost, and the  
public can obtain these products at

actual cost of manufacture, plus a  
single retail profit.

One noticeable feature of this busi-  
ness, and a very commendable one,  
is that no one remedy manufac-  
tured by this company is a "cure-all." Each  
one of the 300 different remedies is a  
known and dependable specific for a  
particular ailment. The confidence  
of the druggists interested in this  
enterprise is unquestionably demon-  
strated by this guarantee, which is  
printed on every package: "This  
preparation is guaranteed to give satis-  
faction. If it does not, come back  
and get your money—it belongs to  
you and we want you to have it."

This is certainly an innovation that  
must appeal to the people of Los An-  
geles. It insures safety and satis-  
faction because our own local drug-  
store, The Owl Drug Co., Inc., who are  
so well known and highly respected  
for their integrity, are connected with  
this enterprise, and are staking their  
own personal reputation on the qual-  
ity of these remedies, and the very  
frankness with which they take the  
people of Los Angeles into their confi-  
dence assures an unprecedented suc-  
cess for these Remedies, which are  
sold under the trade-name Rexall,  
which means King-of-All. From re-  
ports coming from thousands of towns  
and cities, the Rexall Remedies are  
certainly demonstrating their full

YOUNG WORLD'S FAIR.

A Kirmess which will be a sort  
of a young world's fair is to be given  
at the public playgrounds here on August  
5 and 6 for the benefit of the youth of  
Santa Barbara. More specifically the  
benefit will accrue to Neighborhood  
House, which is the home of the boy's  
club, the new children's public bath  
house and the playground.

Vera Cruz Plaza, which for the past  
four years has been used as a romping  
ground for the little Santa Bar-  
barans, will be the scene of this  
amateur exposition. Booths under the  
care of local women will represent in  
wares and the costumes of the at-  
tendants Japan, Spain, Norway, etc.

Rob Wagner, the portrait painter,  
promises to conduct a shooting gallery  
and Judge Overman a Punch and Judy  
show. Folk dances are to be given  
under the direction of Mrs. L. H. Long.  
The children will have races and other  
contests. La Monaca's band will  
furnish music, and all together it is  
planned to have two days of grand  
diversion.

Apart from the welcome money that  
will be garnered, it is expected that  
the Kirmess will enable a great many  
people to get in closer touch with  
the work which is being done for the  
good of the children of this city.

AUTO CAMPAIGN.

During the latter part of this week  
the Board of Governors of the local  
auto club is to hold a meeting for the  
purpose of mapping out a campaign  
for raising the standard of automobi-  
le for all the objects is to give  
the public a better understanding of  
the mechanism of cars, and by  
having the car shown in the hands of  
this and other States. One of the  
definite objects this club has in view  
is to have the car shown in the hands  
of the public by competent engineers  
on the mechanism of cars, and by  
having the car shown in the hands of  
this and other States. One of the  
definite objects this club has in view

LIGHT PRESIDENT'S PATH.

New Orleans Plans to Have Little  
Girls, a Mile Apart, as Sign  
Posts.

—(BY DIRECT WIRE TO THE TIMES.)  
NEW ORLEANS, July 26.—[Exclu-  
sive Dispatch.] One of the interesting  
features of the proposed reception to  
President Taft as he proceeds down  
the river from St. Louis to New Or-  
leans, is to have the President come  
through a lane of red, white and blue  
lights and American flags.

The plan is carried out little girls, a mile  
apart, will be the "sign posts" and at  
night men will hold the colored  
lights.

Philip Werlin, chairman of the gen-  
eral committee which has charge  
of the plans for the Lakes-to-the-Gulf  
Deep Waterways convention and of  
receiving Mr. Taft here, is working  
with President Cavanaugh of St.  
Louis to carry out this unique scheme  
of marking the pathway of President  
Taft down the Mississippi Valley from  
St. Louis.

DIDN'T KNOW IT  
WAS LOADED.

hose belonging to William Nambek.  
It is charged that the accused became  
angered at the horse and beat out one  
of its eyes.

COUNCILMAN HURT.

Councilman Cole was painfully in-  
jured this afternoon, being kicked by  
a colt which he was training. The  
horse kicked him in the head and  
side, and he was fractured.

It is feared that he also suffered more  
serious internal injuries.

SAN JOAQUIN VALLEY.

Regimental drill was also given for  
the first time this morning, and was  
very satisfactory.

This evening the ceremony, "escort  
of the colors," preceded dress parade.  
The ceremony is one of the daily  
occurrences in regular army life, but  
is an event in a camp of this kind.

A full band accompaniment made it  
unusually impressive. It consisted of  
escorting the colors from the colonel's  
quarters to the color company in the  
regimental line. To some of the of-  
ficers it was a first experience and  
the fidelity with which all details  
were carried out made it an occasion  
to remember.

Dr. Paul A. Adams, major of the  
Medical Corps, N. G. C., attached to  
the Seventh Regiment as commander,  
officer of the Hospital Corps, will leave  
tomorrow for the Presidio in San  
Francisco, where he will attend a camp  
of instruction for National Guard  
medical officers.

This school is established by the  
government for the first time in the  
history of the National Guard and is  
superintended by the Surgeon-General  
of the army, Lieut. Decker, Assistant  
surgeon, will accompany Maj. Adams.

The sanitary condition of Camp  
McCarten is perfect. "It is easier," said  
Maj. Adams, "to keep a man well than  
it is to make him well after he is sick."  
The lessons learned during the war  
Spanish War have been taken to heart  
and now it is realized that more men  
die of disease during a war than from  
bullets. Therefore we were war cor-  
tinually on causes, and although many  
improvements in sanitary methods are  
on the way, we have reached a state  
where we can keep everything abso-  
lutely clean. The medical officer is  
in charge of the purpose of getting  
eighty per cent of the men who die.

Capt. and Mrs. Alphonso, and Col.  
Hartwell of the Governor's staff, were  
visitors this morning.

WOULD WAR UPON "CLUBS."

San Bernardino District Attorney  
Would Put "Social" Institutions  
Out of Business.

SAN BERNARDINO, July 26.—  
Dist. Atty. Byrne notified the Superi-  
or today that he believed he can  
break up the "social" club evil which  
is on the increase in the county.  
There is a club at Upland and another  
started for Chino, while other small  
towns are affected. The clubs are or-  
ganized for the purpose of getting  
away from the local option laws. It  
is expected that the District Attorney  
will follow up his declaration by hav-  
ing the clubs raided and secure evi-  
dence for a test case.

TO RESURVEY LAND.

H. C. Miller, a deputy in the County  
Surveyor's office, has been appointed  
land allotter, to survey and distribute  
the lands at the Banning, Indio reser-  
vation. Miller will also resurvey the  
lands owned by H. C. Rogers, with  
whom the Indians have had difficul-  
ties of late. It is asserted that the  
government has given Rogers a pat-  
ent to the land, and will not relocate  
the corners which the Indians de-  
sired.

CLUBS HORSE'S EYE OUT.

## RYAN SMILES AT GORY TALE.

Will Be Held Today to the Superior Court.

Witnesses Tell How He Shot Down Two Men.

Albert Ryan, organizer for the Western Federation of Miners, will be held to the Superior Court by Police Judge Frederickson this afternoon, to answer to the charge of murdering H. E. Snyder at the United States Hotel on the evening of July 14, at which time Ryan, in a frenzy to wreak revenge, also shot and killed Otto Miller, a member of the same organization.

A technicality of law prevented the court from holding Ryan over yesterday afternoon after an examination which continued all day. When the prosecution closed its case, Attorney Fred W. Morrison, counsel for defense, raised the point that the evidence did not show from what causes Snyder came to his death, and asked for dismissal of the defendant.

The court admitted the point well taken, but continued the case until this afternoon, saying: "The point in question has been touched on several times, but not conclusively. However, the evidence is such that I should now be disposed to hold the defendant, but if the defense insists I shall require the prosecution to show the cause of death."

Prosecutor Keetch stated, quickly that Attorney Surgeon Campbell had been supposed to prove that point, but had not appeared. Because of the evasion of the subpoena, the court gave the prosecution until this afternoon to produce the witness and establish the point required by the defense.

The defense insisted that the prosecution had closed its case, that it had not shown whether Snyder had come to death from a gunshot wound or from natural causes, and insisted that the prisoner be dismissed. The court, however, overruled the motion and ordered the case repeated this afternoon.

**POLICE JEALOUSIES.** The jealousy between the police and detective branches of the Police Department was again revealed during the hearing. An informant officer arrested Ryan, but the case was immediately taken out of his hands and given to the detective branch. The prosecutor attempted to identify the revolver and cartridges taken from Ryan at the time of his arrest, the detectives could not do so. The arresting policeman had marked the gun, and it was admitted, but the detectives on the case could not identify the cartridges which had been turned over to them and they were rejected as exhibits.

During the early stages of the hearing Ryan was extremely nervous, but as the examination proceeded he remained calm and collected and gave evidence which he had exhibited since the shooting and during the latter part of the hearing was smiling at the witnesses, though nearly all testified they had seen Ryan fire the shots which killed Snyder and Miller.

Coroner Hartwell was the first witness called, and was allowed only to produce the Colt automatic revolver with which Ryan did the shooting, and which later was introduced as Exhibit A.

A. L. Snyder, an electrician, of No. 1347 West Twenty-fourth street testified that he had identified the remains of H. E. Snyder at the inquest, as those of his uncle.

**"SOMETHING DOING."** Frank R. Place, night clerk at the United States Hotel, testified shortly after he went on watch on the night of the shooting Ryan approached the desk and after asking for a match and lighting a cigarette took off his coat, remarking that there would be "something doing."

Place testified that he saw Ryan approach Miller, who was sitting in the lobby, and point a revolver at him. Witness stated that he then started for the door of the office to summon a policeman and did not see the shooting.

Frank Staplin, the next witness, stated he was a miner, that he had been around with Snyder during the afternoon and that the two entered the United States Hotel in the evening, took a seat together and started to read newspapers.

A few minutes later, Staplin was startled by a pistol shot. He arose and there were several more shots. Snyder, his companion, slid from his seat to the floor, without uttering a sound. The witness said he believed either the first or second shot which Ryan fired killed Snyder.

The witness said he saw Ryan with a gun in his hand and saw him fire several shots, but did not know that Miller had been struck until he saw him lying on the floor after Ryan had stopped shooting. He says he immediately gave his attention to Snyder and Miller, and did not notice where Ryan went. The lobby of the hotel was crowded at the time and Staplin heard no words spoken by Ryan.

W. M. McKee, who has resided at the United States Hotel for several years and is book-keeper and cashier for the Grant Brothers Construction Company, testified that he was sitting in the south side of the lobby when he heard two shots, but believed them at the time to be firecrackers.

**SEES SLAYER SHOOT.** On looking up he saw Ryan with revolver in hand and saw him fire three shots at Miller, who was walking away from Ryan and toward the lobby door. He testified that he started toward Miller, but Ryan commanded him to "Stand back," and he resumed the seat which he had left. When he returned to his seat he saw Ryan fire the first time lying on the floor.

McKee said he saw Miller fall at the third shot and heard some one yell "Don't shoot any more, he is dead now." The witness then saw John Althouse, proprietor of the hotel, approach Ryan and the two entered Althouse's private office. Later Ryan emerged alone, with his revolver still in his hand, and went upstairs. The next witness saw of him was when Ryan was taken from the hotel by the police.

George H. Rumph, a mining man of Arizone, was the star witness for the prosecution. He testified that he was talking to McKee when he heard a noise like that of a firecracker and looked up. He saw Ryan standing on the lobby floor with a smoking pistol in his hand. While he watched, he says Ryan fired four shots in quick succession.

Looking in the direction in which Ryan's pistol was pointed he saw a man staggering toward the door,

Investigate—You'll Be Astounded

Watch the Green Ticket

whom he later learned was Miller.

Continuing the witness said: "Ryan fired the four shots in about as many seconds. The first shot seemed to go to the left of Miller and the second to the right, as near as I could see from the way he pointed his gun. Because of this I did not think Ryan was shooting at Miller. On the third shot I saw Miller plunge forward and on the fourth shot he fell to the floor. After the third shot I knew Ryan was shooting at Miller."

"I started up from my chair and for the first time saw Snyder lying on the floor. I walked past both Snyder and Miller to go to the street and call an officer. As I passed Miller he raised his head. Ryan raised his pistol as if to shoot again but just then Henry Hallenbeck came into the lobby from the barroom and shouted: 'Don't shoot any more, he is dead now.' Ryan then went away with Althouse and later I saw him taken away by the police."

On being questioned, Rumph said that the lobby was filled with men and women, many of whom were in range of the bullets. When asked if Ryan appeared under the influence of liquor he stated:

He seemed to me very cool and deliberate and not in the least agitated during the shooting and afterwards."

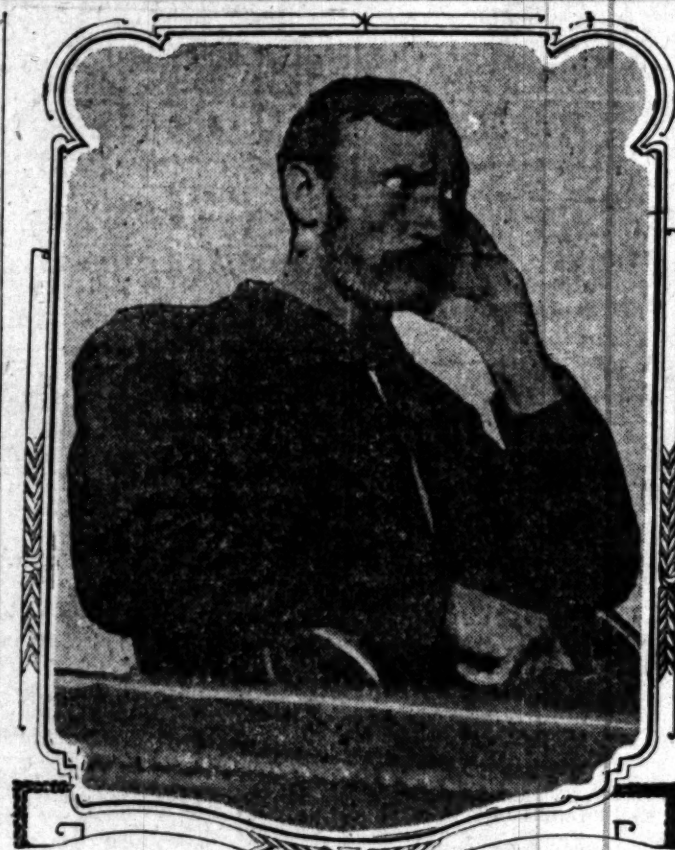

The witness stated also that Snyder and Miller were in line with Ryan's bullets and that he heard no quarrel or fuss between the two before the shooting commenced.

H. M. Moore, another mining man, testified that he was sitting about six feet from Snyder, that he heard the shots, saw Snyder slide from his seat to the floor, and a second later saw Miller drop.

He said five shots were fired by Ryan and that one of the spent bullets, which had evidently passed through one of the slain men, had dropped into the newspaper he was reading. He was almost directly in line of Ryan's fire.

Derrell J. Rankin, who was at the hotel desk, stood directly behind Ryan during the shooting and saw Ryan shoot at and kill Miller.

Albert Austin of No. 218 Main street, testified that on the night preceding he saw Ryan in the United States Hotel when a fight took place between two men. The fighters fell to the floor and Ryan pulled one of the men to the other. When he did so the man whom Ryan aided gained the advantage of his opponent and Ryan shouted, "Back him."

Albert Ryan,

organizer for the Western Federation of Miners, who probably will be held to the Superior Court today on the charge of murder. He killed two men in a Los Angeles hotel.

About this time Porter Miller entered and tried to stop the fight. Ryan interfered with Miller and was knocked down by a blow from the porter. The fighter who was aided by Ryan also attacked Miller and was

## SUPERVISORS.

(Continued From First Page.)

said committee was appointed thereon; and in the names of those organizations, their joint committee, recently the insult.

"But, above all it is an insult to the credulous voters of Los Angeles county, who voted for the bonds and put in the hands of the Board of Supervisors the funds of these pledges which were apparently made with the deliberate purpose of defrauding the people."

"Fourth—The Advisory Committee in its communication has carefully refrained from any personal criticism of the persons appointed by the Board of Supervisors without consultation or advice, and this committee follows its laudable example, excepting to suggest that if these appointees accepted their appointments knowing them to be made in disregard of pledges to the people by the supervisors who elected them, they themselves are guilty of breach of faith with the voters of Los Angeles county."

"Fifth—This committee heartily recognizes the faithful and valuable services of the Advisory Committee under the attitude of the ruling majority of the Board of Supervisors, and hereby tenders, on behalf of the organizations which it represents, sincere thanks and assurances of confidence; and expresses its conviction that the Advisory Committee has acted wisely and for the public which it was appointed to serve, should continue its watchful care for the public good in spite of the disregard of the pledges and promises made by the Board of Supervisors."

The Pasadena Board of Trade, which was also asked by the Advisory Committee for an expression of opinion, replied, in part:
